

# MOHAMMAD DOHADWALA

## Senior Frontend Engineer 8 Years Experience | TypeScript & React | Based in Dubai

Dubai, UAE • 055 232 8372 • mohammad@dohad.dev • linkedin.com/in/mohammaddohad

- ▶ Experienced Frontend Developer based in Dubai with 8 years of experience.
- ▶ Developed high-performance, dynamic, and scalable web applications.
- ▶ Collaborated with 20+ leading companies in Dubai and the Middle East on large-scale projects.
- ▶ Skilled in ReactJS, JavaScript, TypeScript, NodeJS, NextJS, Jest, Cypress, AWS, Docker.

## WORK EXPERIENCE

**CAFU**, Dubai • Senior Frontend Developer

11/2022 - Present

CAFU is the leading fuel delivery service in the UAE and one of LinkedIn's Top 10 Startups in the Middle East. I am working as a Senior Frontend Developer on the B2B team.

- ▶ Conducted over 40 interviews, successfully growing the frontend team from 3 to 11 engineers within three months.
- ▶ Developed a comprehensive dashboard to manage fuel orders and vehicle data, enhancing efficiency for over 800 business clients with real-time analytics and reporting.
- ▶ Leveraged React, NextJS, Typescript, Jest, Cypress, Storybook, GitLab, and AWS to build scalable and efficient web applications.
- ▶ Created a Front-End shared library, which unified our design language with easy-to-import components across all projects.

**Property Finder**, Dubai • Frontend Developer

11/2021 - 10/2022

Property Finder is a leading real estate portal in the UAE and the Middle East, serving millions of users daily. I worked here as a Frontend Developer with a team of 16 people.

- ▶ Developed and optimized the main consumer website, utilizing performance tuning techniques and SEO strategies to achieve over a million daily visits.
- ▶ Utilized React, Typescript, NextJS, Jest, GitHub, and AWS to build and maintain scalable web applications.
- ▶ Collaborated cross-functionally with design, product, and backend teams in an agile environment, enhancing team productivity and project delivery timelines.

- ▶ Implemented test-driven development practices and conducted code reviews for 8+ team members.

### **Bluamoeba**, Dubai • Frontend Web Developer

07/2020 - 10/2021

At Bluamoba, a digital marketing agency. Helped the company transition from hosting physical events to managing online events.

- ▶ Developed a robust Virtual Events Platform featuring live broadcasting, a 3D environment, video calling, and chat, which hosted over 50 successful events.
- ▶ Deployed and scaled applications on AWS, along with continuous integration with GitHub.
- ▶ Utilized Node, NextJS, React, React Native, MongoDB, AWS, Sockets, and WebRTC to build scalable and real-time web applications.
- ▶ Coordinated with Amazon, Huawei, Canon, and Schneider Electric to launch their digital events and consumer applications.

### **Freelance**, Dubai • Developer

09/2019 - 07/2020

As a remote contractor, I have collaborated with many clients, from small businesses to large corporations in the UAE, to develop web and mobile applications.

- ▶ Contributed to several award-winning projects and has been featured in news outlets across the Middle East.
- ▶ Collaborated on projects such as Dubai Fitness Challenge, Dubai Islamic Bank Main Website, Snickers Hunger Insurance, and Pizza Hut Office Hour.

### **Impact BBDO**, Dubai • Junior Frontend Developer

12/2016 - 12/2018

Impact BBDO is an international Digital Marketing Agency, one of the biggest in Dubai.

- ▶ Developed HTML5 animated banners for the web using Google Web Designer.
- ▶ Built Responsive email development using HTML tables and responsive HTML websites.
- ▶ Directly collaborated on projects for 20+ top companies in MENA, such as VISA, BMW, IKEA, DIB, and ADCB.
